Participants leave the course with a clear understanding of how to build a high functioning team in order to transform learning.

KEY QUESTIONS

- **What** are some characteristics of a highly functioning team?
- **How** can I facilitate the creation of a team focused on student learning?

- **What** types of conversations are critical, & when are they likely to occur?
- **What** processes & behaviours can be prepared in advance to enable difficult situations & conversations to be well managed?
