WHAT SOME OF OUR MEMBERS SAY ABOUT ECIS

We're always grateful to hear how much our members value being part of ECIS. Here's a sample of the wonderful feedback we have received:

Being part of ECIS has allowed me to connect with a global community of dedicated educators and leaders, where I've gained fresh perspectives and innovative strategies. Presenting at conferences has been a privilege, and the wealth of knowledge I've gained from others has been instrumental in enhancing my professional development.

Gioia Morasch, Primary & Elementary Assistant Principal
Frankfurt International School, Germany

Through ECIS, we will benefit from tailored professional development, especially in key areas like safeguarding, middle leadership, and innovative approaches such as Universal Design for Learning (UDL) and Artificial Intelligence (AI).

This collaboration reinforces our dedication to continuous improvement, helping us create a dynamic and inspiring environment where students and educators can thrive.

Liam Browne, Superintendent
Advanced Learning Schools, Saudi Arabia

My first experience with ECIS was through their excellent safeguarding training. Yet ECIS represents so much more: what I particularly value is an exceptional network that promotes high quality relationships, enables the sharing of best practice and ultimately enhances the learning environment.

Thank you, ECIS, for being one of the best supporters and providers of high quality collaborative partnerships for international schools!
