OUR PURPOSE & MISSION

We are a global community that champions safe schools where everyone belongs, delivering relational, bespoke professional learning.

OUR LEGACY

ECIS was the **first educational collaborative** to serve Europe and has grown into a leading global association. Our historical foundation has always been to provide thought leadership and the ECIS tradition of sustainable, caring and inclusive learning will forever be our legacy.

The word **Collaborative** sits at the heart of who we are. ECIS cannot fulfil its purpose alone. Our strength comes from the communities we build and belong to. We are committed to working in long-term partnership with schools, educators, students, and families to strengthen belonging, wellbeing, and inclusion, responding to the unique context and priorities of each community we serve.

Together, we are more than a membership organisation: we are a global community, united by a shared belief in education as a force for good.
